

AN OPEN LETTER TO HON. E. C. MACFARLANE.

DEAR SIR: For a few minutes yesterday I had the pleasure of listening to your remarkable and interesting argument before the Legislature in favor of referring the Oahu Railway bill to a select committee in order that further information might be obtained. I say remarkable to me that you should hint that any of your fellow members were so weak and wicked as to allow themselves to yield to evil influences from without against public interest. You also spoke of disgraceful "lobbying" in support of the bill, and of the "very strange" change in the opinions and vote of several members. You also referred to the Oahu Railway and Land Company in such a manner as to cause your hearers to conclude that the said company is under the control of those who are deliberately misleading the public and indulging in bribery to put it roughly. Of course your legislative privilege protects you in all of these charges and innuendoes, in spite of the fact that you may do the company thereby a very great injury for which no redress lies. My first thought and wish is to say nothing, and let your baseless, unfair and injudicious charges go unanswered, but friends and others advise a challenge to you to produce all or any of your facts. It seems to me upon the whole that this is the wisest course. You are, no doubt both fair and honest. You know that the O. R. & L. Co. has no chance on the floor of the House to refute anything you may choose to say. But in the public press it is different. Here both have a chance. Now if you have any charge of bribery or undue influence to bring against the company, do so where you can be answered, and you will be given a full, free and public opportunity to substantiate all you say. I will say to you at once that you will miserably fail for you have not a shadow or an iota of truth to stand on. Everything which has been done by the O. R. & L. Co. or by or with its consent or knowledge in its behalf by those interested in it, for the furtherance of the bill, has been open and above board. It has not cost the company one cent, either in cash or promises. All information requested has been furnished. We have furnished more than that, and have in fact furnished everything which appeared necessary for the information of the House relative to the bill. It was suggested to me yesterday, while listening to you, that we ought to have printed everything and distributed it in the House. I am inclined to think now, this would have been the wiser course; but it seemed at first that it would appear obtrusive and as if the measure were for private and not public utility. If the bill was a private grab it ought to have been defeated as I believe you desired, but if one of public benefit it ought to have passed on its own merits, as it certainly did. If it pleases His Majesty to sign the bill, you will find that the O. R. & L. Co. will proceed to build as rapidly as possible, and in the interest of the stockholders, as well as the general public, a substantial and well-equipped road. Bonds will not be issued, as is sometimes the case, for three or four times the cost of construction, as in case of a road very near at hand of which we know.

Yours very truly,  
W. R. CASTLE.

## A New Tropical Fruit.

Mr. Carl Willing of the Government Nursery, has sent to this office a specimen of a new fruit, which resembles a large yellow guava more than anything we have. The seed, however, grows on the outside on the flower end of the fruit, and resembles a thick kidney bean. The tree grows abundantly in the West Indies and South America, in size rather small, like the guava. In Brazil it is called *caju*, and in the West Indies *cashew*. We have not had a fair chance to test its quality as a fruit, but should place it alongside the Tahitian *vi* or the finest of our large guavas. Hon. Jos. Marsden brought some of the seeds of this fruit from the West Indies several years ago, and these trees probably sprung from them.

It is said that the Judge won't get the bill; that the House will be in session fifty more days; that Rep. Kalua is out with the doctors; that the tariff news by the next mail will not be good; that Rep. Marques is a total failure as a legislator; that the railroad bill will finally pass; that there are any number of boddies hanging around the Legislative Hall every day; that a prominent customs officer has been requested to resign; that he answers "Mahope"; that Rep. Marques will get plenty of "answer"; that all the fools are not yet dead; that if people like Rep. Kalua do not like to be laughed at they ought not to be so atrociously funny.

Mr. Hosmer of Great Barrington, Mass., is the new President for Oahu College. He is expected here on the next steamer, but not in time for the opening of the college.
